## UNDERSTANDING THE DATA PRIVACY REGULATION & ITS IMPLICATIONS FOR THE LIFE SCIENCE INDUSTRY

March 2019  
9.45 am - 5 pm  
Boston

GDPR is here to stay, and, six months after it 'went live' in May, the complicated regulation still poses challenges for foreign companies looking to do business in the EU. In today's increasingly connected world, however, the EU market remains a hugely enticing target.

In this Executive Training session, we will break down the most critical aspects of the GDPR, and provide focused, healthcare business-oriented information that will allow US-based firms to understand and plan their compliance.

### TRAINING SNAPSHOT

A MASTER CLASS ON UNDERSTANDING GDPR, focused on the health and pharma sectors, with key topics including:

- Consent & legal basis
- International data transfers
- DPIAs & Records of Processing
- Rights of data subjects

# PROGRAMME OF THE DAY

## ARRIVAL & REGISTRATION

9:45 - 10:00

## WELCOME & OVERVIEW

10:00 - 10:10

## SESSION ONE

10:10 - 11:00

### GDPR 101: UNDERSTANDING THE EU DATA PRIVACY REGULATORY FRAMEWORK

In this first session, we will be discussing the importance data privacy and data protection have in Europe and what led the European Commission to the regulation. We tackle what constitutes personal data and special category (health) data, and analyze the rights of data subjects.

## SESSION TWO

11:00 - 12:00

### CONTROLLER vs. PROCESSOR

During the second session of this training, we will be discussing the roles of, and relationships between, controllers and processors. We present edge cases and real-world health-sector examples to get a better grasp of these concepts.

## SESSION THREE

12:00 - 12:30

### TOOLS: DPIAs, RECORDS OF PROCESSING

In this third session, we focus on the legal requirements for a DPIA (Data Protection Impact Assessment), and in particular when and how to conduct one with tools. We will also look at the requirements for the Records of Processing and related tools.

## LUNCH BREAK

12:30 - 13:30

## SESSION FOUR

13:30 - 14.15

### CONSENT

We perform a deep dive into the intricacies and conditions of consent. What counts as consent under GDPR? What's the difference between explicit and regular consent for sensitive health data?

# PROGRAMME OF THE DAY

## SESSION FIVE

14:15 - 14:45

### TRANSFERRING PERSONAL DATA OUTSIDE THE EU, AND THE MECHANISMS FOR COMPLIANCE

In this session, we highlight the legal basis for data transfers, including consent, standard contractual clauses and other methods. We will also look at best practices and procedures.

### COFFEE BREAK

14:45 - 15:00

## SESSION SIX

15:00 - 15:30

### AUTOMATED PROCESSING: ARTICLE 22 LIMITATIONS AND POSSIBILITIES

During this session we focus on the content of Article 22, the potential limitations it places on AI development and automated processing methods in the health sector, and the questions and concerns it raises.

## SESSION SEVEN

15:30 - 16:30

### DATA BREACH AND NOTIFICATION PROCEDURES: EU REPS AND WORKING WITH LEAD SUPERVISORY AUTHORITIES

Here we tackle data breaches, requirements on discovery, notifications and communication obligations, and best practices. We also discuss the one-stop shopping mechanism and whether to establish an EU base, including the roles and responsibilities of the DPO.

### Q&A AND FINAL NOTES

16:30 - 17:00

\* Intellegant reserves the right to make changes to the programme prior to the training and without notice.

## WHO SHOULD ATTEND

This expert level training is suited to executives, privacy and compliance professionals, lawyers, engineers, and others working with or looking at EU expansion.
